

Special Issue

Climate-Smart Agriculture and Rural Sustainability

Message from the Guest Editors

The main aim of this Special Issue is to provide an overview to enhance research oriented toward climate-smart agriculture (CSA) and to share recent results, solutions, and novel ways related to case studies at both global and local levels, focusing on the financing mechanism of CSA projects, technical aspects, scaling issues, effectiveness and sustainability perspectives.

About the Journal

Message from the Editor-in-Chief

Land is the only open access journal covering all aspects of land science, and it is a pioneering platform for publishing on land system science. Our editorial board is comprised of eminent scholars. We publish high quality research on societally relevant, emerging and innovative topics and results in land system research. It is now one of the top land journals with a significant impact factor, and has a goal to become the best journal in land in the coming years. I strongly recommend *Land* for your best research publications for a fast dissemination of your research.
