# Sustainable Land-Based Bioeconomy Development

### Message from the Guest Editors

We welcome paper contributions in the form of either empirical research or conceptual/theoretical works on selected perspectives of a land-based bioeconomy through policy analysis, literature reviews and indicator-based monitoring mainly in the following categories:

- Development of the bioeconomy concept;
- Economic perspectives of a land-based bioeconomy;
- Environmental concerns in a sustainable land-based bioeconomy;
- Socio-cultural aspects in sustainable land-based bioeconomy development;
- Transformational pathways for a knowledge-based sustainable bioeconomy development;
- Monitoring, assessment and reporting approaches for a land-based bioeconomy.

## About the Journal

### Message from the Editor-in-Chief

*Land* is the only open access journal covering all aspects of land science, and it is a pioneering platform for publishing on land system science. Our editorial board is comprised of eminent scholars. We publish high quality research on societally relevant, emerging and innovative topics and results in land system research. It is now one of the top land journals with a significant impact factor, and has a goal to become the best journal in land in the coming years. I strongly recommend *Land* for your best research publications for a fast dissemination of your research.
