

Special Issue

Ecosystem Services, Sustainable Rural Development and Protected Areas

Message from the Guest Editors

The purpose of this Special Issue is to invite academics and researchers to submit proposals for papers oriented to enhancing the sustainable rural development and protection of natural areas. Potential topics include, but are not limited to:

- evaluation methods and techniques for supporting choices in sustainable land planning in rural areas;
- criteria and indicators for sustainable rural development;
- criteria and indicators for monitoring ecosystem services in protected areas;
- innovative models for identifying and solving conflicts between groups of stakeholders;
- innovative tools for land planning and management in protected and other conservation areas;
- strategies for improving the sustainable supply of ecosystem services in rural areas; and
- protection, management, and safeguarding of natural areas.

Guest Editors

Dr. Mónica de Castro-Pardo

Prof. Dr. Joao C. Azevedo

Dr. Pascual Fernández

About the Journal

Message from the Editor-in-Chief

Land is the only open access journal covering all aspects of land science, and it is a pioneering platform for publishing on land system science. Our editorial board is comprised of eminent scholars. We publish high quality research on societally relevant, emerging and innovative topics and results in land system research. It is now one of the top land journals with a significant impact factor, and has a goal to become the best journal in land in the coming years. I strongly recommend *Land* for your best research publications for a fast dissemination of your research.

Editor-in-Chief

Prof. Dr. Christine Fürst

Institute for Geosciences and Geography, Department Sustainable Landscape Development, University of Halle, Von-Seckendorff-Platz 4, 06120 Halle, Germany

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SSCI (Web of Science), PubAg, AGRIS, GeoRef, RePEc, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Nature and Landscape Conservation)
