

Special Issue

Protection, Management and Restoration of Coastal Ecosystems

Message from the Guest Editors

In our changing world, we think that it is necessary to integrate spatial planning, multiple stakeholders' interests and the conservation of ecosystems processes for human well-being through a multidisciplinary approach. In this framework, we invite you to submit to the Special Issue on "Protection, Management, and Restoration of Coastal Ecosystems" a wide range of contributions, case studies, and methodological and applied research related to the following topics:

- Restoration of coastal habitats;
- Long-term rehabilitation studies;
- Spatial planning, environmental modelling;
- Landscape analysis, connectivity analysis;
- Integrated management between nature conservation and economic interests;
- Sustainable management of coastal and transitional habitats;
- Coastal protected areas;
- Ecosystem services;
- Soil-sediment-water systems;
- Handling of coastal erosion.

Guest Editors

Dr. Irene Prisco

Dr. Federica Roscioni

Dr. Flavio Marzioletti

Deadline for manuscript submissions

About the Journal

Message from the Editor-in-Chief

Land is the only open access journal covering all aspects of land science, and it is a pioneering platform for publishing on land system science. Our editorial board is comprised of eminent scholars. We publish high quality research on societally relevant, emerging and innovative topics and results in land system research. It is now one of the top land journals with a significant impact factor, and has a goal to become the best journal in land in the coming years. I strongly recommend *Land* for your best research publications for a fast dissemination of your research.

Editor-in-Chief

Prof. Dr. Christine Fürst

Institute for Geosciences and Geography, Department Sustainable Landscape Development, University of Halle, Von-Seckendorff-Platz 4, 06120 Halle, Germany

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SSCI (Web of Science), PubAg, AGRIS, GeoRef, RePEc, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Nature and Landscape Conservation)
