

## Special Issue

# Selected Papers from Visual Resource Stewardship Conferences 2019 and 2021

### Message from the Guest Editors

We are pleased to invite you to submit manuscripts for peer review for the Special Issue of *Land* entitled "Selected Papers from Visual Resource Stewardship Conferences 2019 and 2021". This Special Issue aims to publish the latest international research and application of visual/scenic landscape resource stewardship assessment methods. In this Special Issue, original research articles and reviews are welcome. Research areas may include (but are not limited to) the following:

- Ethics, equality and equity in landscape assessment practice;
- Public perception, participation engagement and conflict resolution;
- Valuation of landscape resources and cultural ecosystem services;
- Federal and state government programs, regulations and policies;
- Urban community visual resource management;
- Visual landscape and cultural resource management and mitigation;
- Integration of visual resource inventory with multi-resource assessment;
- Visual resource management tools and technology.

## About the Journal

### Message from the Editor-in-Chief

*Land* is the only open access journal covering all aspects of land science, and it is a pioneering platform for publishing on land system science. Our editorial board is comprised of eminent scholars. We publish high quality research on societally relevant, emerging and innovative topics and results in land system research. It is now one of the top land journals with a significant Impact Factor, and has a goal to become the best journal in land in the coming years.
