Advances in Female Imaging: Focus on Breast and Gynecological Diagnostics

Message from the Guest Editors

We are pleased to announce a forthcoming *Life* Special Issue dedicated to “Advances in Female Imaging: Focus on Breast and Gynecological Diagnostics”. This issue aims to highlight recent developments, challenges, and breakthroughs in imaging technologies and methodologies used in the diagnosis, staging, and management of breast and gynecological conditions. The role of imaging in women’s health continues to evolve, with innovations in modalities such as mammography, ultrasound, MRI, PET/CT, and AI-driven diagnostics significantly enhancing clinical decision-making. This Special Issue invites contributions that explore novel imaging techniques, comparative studies, AI applications, radiomics, early detection strategies, and interdisciplinary approaches to breast and pelvic imaging. We welcome original research articles, reviews, clinical studies, and case reports that provide significant insights into this important area of diagnostic medicine. We look forward to receiving your valuable contributions to this Special Issue.

Guest Editors

Dr. Silvia Gigli

Dr. Emanuele David

Dr. Giacomo Bonito

Deadline for manuscript submissions

31 January 2026

About the Journal

Message from the Editor-in-Chief

Life (ISSN 2075-1729) is an international, peer-reviewed open access journal that publishes scientific studies related to fundamental themes in life sciences. Some papers are published individually, while others are submitted for inclusion in special issues with guest editors. You are invited to contribute a research article, essay, or a review to be considered for publication.

Editor-in-Chief

Prof. Dr. Lluís Ribas de Pouplana

Institute for Research in Biomedicine (IRB Barcelona), The Barcelona
Institute of Science and Technology, 08028 Barcelona, Spain

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biology) / CiteScore - Q1 (Paleontology)
