

Special Issue

Advances in Substance Abuse and Addiction—2nd Edition

Message from the Guest Editors

We warmly invite you to contribute to the 2nd Edition of “Advances in Substance Abuse and Addiction,” following the success of the first volume:

https://www.mdpi.com/journal/life/special_issues/V053X1CHO8. This Special Issue aims to collect original

research, reviews, and meta-analyses addressing current challenges and solutions in substance use disorders, including those involving nicotine, alcohol, illicit drugs, and prescription drugs. We welcome studies that explore neurochemical and pharmacogenetic mechanisms of addiction prevention, treatment, and recovery, with an emphasis on translational research (from bench to bedside and back). Topics of interest include in vitro and in vivo studies on the pharmacological and behavioral effects of addictive substances, as well as human studies focused on treatment and prevention. This issue seeks to identify emerging trends and unmet needs in the addiction field, serving as a platform to bridge academic, industrial, clinical, and regulatory perspectives in addiction medicine. Authors are encouraged to contact the Editors before preparing their manuscripts for topic pre-arrangement.

Guest Editors

Dr. Cynthia Wei-Sheng Lee

Prof. Dr. Tsuo-Hung Lan

Dr. Chieh-Liang Huang

Deadline for manuscript submissions

18 March 2026

About the Journal

Message from the Editor-in-Chief

Life (ISSN 2075-1729) is an international, peer-reviewed open access journal that publishes scientific studies related to fundamental themes in life sciences. Some papers are published individually, while others are submitted for inclusion in special issues with guest editors. You are invited to contribute a research article, essay, or a review to be considered for publication.

Editor-in-Chief

Prof. Dr. Lluís Ribas de Pouplana

Institute for Research in Biomedicine (IRB Barcelona), The Barcelona
Institute of Science and Technology, 08028 Barcelona, Spain

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biology) / CiteScore - Q1 (Paleontology)
