Special Issue

Advances in Veterinary Infectious Diseases: Pathogenesis, Diagnostics, and Control Strategies

Message from the Guest Editor

This Special Issue on Veterinary Infectious Diseases aims to showcase the latest advancements in the study. prevention, and treatment of infectious diseases affecting animals. Focusing on emerging pathogens, zoonotic diseases, and innovative diagnostic tools, this Issue will bring together cutting-edge research that contributes to both animal health and public health. The scope will include studies on pathogen transmission, immune response mechanisms, novel vaccine strategies, and antiviral treatments. Contributions that explore the relationship between veterinary and human health, particularly in the context of zoonotic infections, are highly encouraged. By publishing comprehensive research and reviews, this Special Issue seeks to foster knowledge exchange and provide insights into novel approaches for controlling and preventing animal infections. The research presented here will be a valuable resource for scientists, clinicians, and policymakers working to improve veterinary medicine and animal disease management.

About the Journal

Message from the Editor-in-Chief

Life (ISSN 2075-1729) is an international, peer-reviewed open access journal that publishes scientific studies related to fundamental themes in life sciences. Some papers are published individually, while others are submitted for inclusion in special issues with guest editors. You are invited to contribute a research article, essay, or a review to be considered for publication.

Editor-in-Chief

Prof. Dr. Lluís Ribas de Pouplana

Institute for Research in Biomedicine (IRB Barcelona), The Barcelona Institute of Science and Technology, 08028 Barcelona, Spain

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biology) / CiteScore - Q1 (Paleontology)
