Transformative Frontiers in Mental Health Treatment: Advances in Neuropsychopharmacology

Message from the Guest Editors

We are pleased to announce the upcoming Special Issue, Transformative Frontiers in Mental Health Treatment: Advances in Neuropsychopharmacology, which aims to showcase cutting-edge research and developments in treating mental health disorders. As the landscape of neuropsychopharmacology continues to evolve, this issue will highlight innovative approaches, including novel drug therapies, biomarker identification, and personalized medicine strategies, all of which hold the potential to revolutionize mental health care. This Special Issue invites original research, reviews, and perspectives that explore the neurobiological mechanisms underlying psychiatric conditions, advances in psychopharmacological treatments, and emerging therapies for mood disorders, schizophrenia, anxiety, and other mental health conditions. Through this collection, we seek to advance scientific understanding and clinical practise, promoting a future where mental health treatment is more effective, precise, and accessible.

Guest Editors

Dr. Senthil Kumaran Satyanarayanan

Centre for Regenerative Medicine and Health, Hong Kong Institute of Science & Innovation, Chinese Academy of Sciences, Hong Kong Science Park, Hong Kong, China

Prof. Dr. Luca Steardo

Psychiatry Unit, Department of Health Sciences, University of Catanzaro Magna Graecia, 88100 Catanzaro, Italy

Deadline for manuscript submissions

27 January 2027

About the Journal

Message from the Editor-in-Chief

Life (ISSN 2075-1729) is an international, peer-reviewed open access journal that publishes scientific studies related to fundamental themes in life sciences. Some papers are published individually, while others are submitted for inclusion in special issues with guest editors. You are invited to contribute a research article, essay, or a review to be considered for publication.

Editor-in-Chief

Prof. Dr. Lluís Ribas de Pouplana

Institute for Research in Biomedicine (IRB Barcelona), The Barcelona
Institute of Science and Technology, 08028 Barcelona, Spain

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biology) / CiteScore - Q1 (Paleontology)
