

Special Issue

Evolutionary and Conservation Genetics: 2nd Edition

Message from the Guest Editors

This Special Issue aims to combine the contributions of research groups working all over the world in the fields of phylodynamics, evolutionary genetics, population genetics, DNA barcoding, conservation genetics, molecular epidemiology, and molecular taxonomy, with the aim of collating a group of original papers that highlight the importance of studying the genetic variability of organisms for the protection of all species. The first volume of this Special Issue was a great success. Now, we invite you to publish in the second volume.

About the Journal

Message from the Editor-in-Chief

Life (ISSN 2075-1729) is an international, peer-reviewed open access journal that publishes scientific studies related to fundamental themes in life sciences. Some papers are published individually, while others are submitted for inclusion in special issues with guest editors. You are invited to contribute a research article, essay, or a review to be considered for publication.

Editor-in-Chief

Prof. Dr. Lluís Ribas de Pouplana

Institute for Research in Biomedicine (IRB Barcelona), The Barcelona
Institute of Science and Technology, 08028 Barcelona, Spain

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biology) / CiteScore - Q1 (Paleontology)
