

## Special Issue

# Coronary Syndromes, Hypercholesterolemia and Heart Failure—Frontier Research and a Glimpse into the Future

### Message from the Guest Editors

This Special Issue aims to provide current frontier research and a glimpse into the future of the management of coronary syndromes, hypercholesterolemia, and hypertension and to highlight areas of prevention and treatment with a view towards most optimal management strategies. We would like to encourage researchers to submit their research studies and review articles into this Special Issue in *Life*. Especially invited are clinical research articles exploring new frontiers of coronary syndromes, hypercholesterolemia and hypertension, and the hottest topics in cardiovascular research. The editors hope that readers of this issue of the *Life* will find it of interest.

### Potential topics may include the following:

- Chronic coronary syndromes
- Acute coronary syndromes
- Hypercholesterolemia
- Atherosclerosis
- Uric Acid
- Lipoprotein (a)
- Heart failure

### Guest Editors

Prof. Dr. Miłosz J. Jaguszewski

Dr. Agnieszka Mickiewicz

Prof. Dr. Marcin Gruchala

### Deadline for manuscript submissions

closed (20 May 2021)

## About the Journal

### Message from the Editor-in-Chief

*Life* (ISSN 2075-1729) is an international, peer-reviewed open access journal that publishes scientific studies related to fundamental themes in life sciences. Some papers are published individually, while others are submitted for inclusion in special issues with guest editors. You are invited to contribute a research article, essay, or a review to be considered for publication.
