

## Special Issue

# Cytoskeleton and Molecular Motors

### Message from the Guest Editors

The present Special issue is aimed to gather the latest advances and outstanding research in the field of cytoskeleton and molecular motor. We invite research publications and review articles including, but not limited to, the following topics:

- The dynamics of cytoskeleton and the related cellular functions
- Signaling molecules and cytoskeleton
- Cytoskeleton-associated development disorders and diseases
- Structure and function of molecular motor proteins, including myosin, kinesin and dynein.
- Regulation of the motor functions of myosin, kinesin and dynein.

## About the Journal

### Message from the Editor-in-Chief

*Life* (ISSN 2075-1729) is an international, peer-reviewed open access journal that publishes scientific studies related to fundamental themes in life sciences. Some papers are published individually, while others are submitted for inclusion in special issues with guest editors. You are invited to contribute a research article, essay, or a review to be considered for publication.
