

## Special Issue

# Depressive Disorders-New Challenges

### Message from the Guest Editors

The latest Special Issue of the journal *Life* is devoted to depressive disorders. Its title, “Depressive Disorders—New Challenges”, best reflects the range of information we would like to provide you with.

We live in the era of the SARS-CoV-2 virus pandemic, which has revealed many human weaknesses (also in the mental sphere) and posed new challenges.

This Special Issue presents the most recent reports on the biological understanding of the causes of depression, gender differences in the course of depression, as well as psychological factors that may be relevant to the etiology of the disease.
