Minimally Invasive Neuroendoscopy

Message from the Guest Editor

We invite researchers, clinicians, and experts in the field to submit original manuscripts, review articles, and case studies, as well as expert opinions, systematic reviews, and meta-analyses, that explore various aspects of neuroendoscopy, including, but not limited to, the following:

- Innovative surgical techniques and technologies;
- Patient outcomes and safety profiles in spine and brain surgery;
- Spinal neuroendoscopy;
- Endonasal endoscopic skull base surgery;
- Intraventricular neuroendoscopy;
- Comparisons with traditional surgical methods;
- Challenges and future directions in neuroendoscopy;
- Applications in treating specific neurological conditions.

Please join us in advancing the field of minimally invasive neurosurgery by contributing to this Special Issue. We look forward to receiving your valuable contributions!

About the Journal

Message from the Editor-in-Chief

Life (ISSN 2075-1729) is an international, peer-reviewed open access journal that publishes scientific studies related to fundamental themes in life sciences. Some papers are published individually, while others are submitted for inclusion in special issues with guest editors. You are invited to contribute a research article, essay, or a review to be considered for publication.
