

## Special Issue

# Cardiovascular–Kidney–Metabolic (CKM) Syndrome

### Message from the Guest Editors

Cardiovascular–kidney–metabolic (CKM) syndrome represents a complex interplay between metabolic disorders, cardiovascular disease, and kidney dysfunction. This interconnected triad reflects shared pathophysiological mechanisms, including systemic inflammation, oxidative stress, hormonal dysregulation, and endothelial dysfunction, which collectively amplify morbidity and mortality risks. Understanding CKM syndrome is crucial as its prevalence rises with the global surge in obesity, diabetes, and hypertension. This Special Issue of *Life* aims to advance research on the intricate relationships between cardiovascular, kidney, and metabolic systems. By fostering a multidisciplinary approach, we seek to address gaps in the knowledge regarding the underlying mechanisms, early detection, and innovative therapeutic strategies for CKM syndrome.

### Guest Editors

Dr. Chien Yu Lin

Department of Internal Medicine, En Chu Kong Hospital, New Taipei City 237, Taiwan

Dr. Ching-Chung Hsiao

Department of Nephrology, New Taipei Municipal TuCheng Hospital, New Taipei City, Taiwan

### Deadline for manuscript submissions

30 April 2026

## About the Journal

### Message from the Editor-in-Chief

*Life* (ISSN 2075-1729) is an international, peer-reviewed open access journal that publishes scientific studies related to fundamental themes in life sciences. Some papers are published individually, while others are submitted for inclusion in special issues with guest editors. You are invited to contribute a research article, essay, or a review to be considered for publication.

### Editor-in-Chief

Prof. Dr. Lluís Ribas de Pouplana

Institute for Research in Biomedicine (IRB Barcelona), The Barcelona  
Institute of Science and Technology, 08028 Barcelona, Spain

---

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, CAPIus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Biology) / CiteScore - Q1 (Paleontology)
