

## Special Issue

# AI and Precision Medicine: Using Machine Learning for Disease Diagnosis and Prediction

### Message from the Guest Editors

In this Special Issue, we aim to explore the intersection of AI and precision medicine, with a specific emphasis on machine learning approaches. We invite researchers and experts in the fields of AI and precision medicine to submit their original research articles, reviews on the following topics:

- Early disease detection: Innovations in AI and machine learning for the early diagnosis of diseases.
- Risk prediction: Predictive models utilizing patient data, genetics and environmental factors to assess an individual's risk of developing specific diseases.
- Personalized treatment: Approaches to tailoring medical treatments.
- Diagnostic imaging: Advancements in AI for analyzing medical imaging data to enhance diagnostic accuracy.
- Genomic analysis: Research focusing on machine learning applications in genomics, transcriptomics, and proteomics for understanding disease mechanisms.
- Clinical Decision Support: Applications of AI as clinical decision support tools for professionals in diagnosis and treatment planning.

The Special Issue aims to provide a platform for the exchange of ideas, discussion, and dissemination of cutting-edge research in this area.

---

### Guest Editors

Dr. Vasilis Nikolaou

Business School, University of Surrey, Guildford, UK

Dr. Sarantis Chlamydas

Scientific Director-MultiOmics, Olink Proteomics AB, Uppsala, Sweden

---

### Deadline for manuscript submissions

closed (30 April 2025)

## About the Journal

### Message from the Editor-in-Chief

*Life* (ISSN 2075-1729) is an international, peer-reviewed open access journal that publishes scientific studies related to fundamental themes in life sciences. Some papers are published individually, while others are submitted for inclusion in special issues with guest editors. You are invited to contribute a research article, essay, or a review to be considered for publication.

---

### Editor-in-Chief

Prof. Dr. Lluís Ribas de Pouplana

Institute for Research in Biomedicine (IRB Barcelona), The Barcelona  
Institute of Science and Technology, 08028 Barcelona, Spain

---

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, CAPIus / SciFinder, AGRIS, and other databases.

#### Journal Rank:

JCR - Q1 (Biology) / CiteScore - Q1 (Paleontology)
