

Special Issue

Quantitative Trait Loci

Message from the Guest Editor

In this Special issue of *Life*, we welcome original articles and reviews covering all aspects related to the genetic architecture of quantitative and molecular traits in animals, including humans, laboratory animals, livestock, and poultry. These include discoveries of QTLs, QTGs, or QTNs with important traits for agriculture, medicine, and evolution. Especially, we are seeking manuscripts leading to advancement in our understanding of the link between genotype and phenotype.

Guest Editor

Dr. Akira Ishikawa

Laboratory of Animal Genetics and Breeding, Department of Animal Sciences, Graduate School of Bioagricultural Sciences, Nagoya University, Nagoya 464-8601, Japan

Deadline for manuscript submissions

About the Journal

Message from the Editor-in-Chief

Life (ISSN 2075-1729) is an international, peer-reviewed open access journal that publishes scientific studies related to fundamental themes in life sciences. Some papers are published individually, while others are submitted for inclusion in special issues with guest editors. You are invited to contribute a research article, essay, or a review to be considered for publication.

Editor-in-Chief

Prof. Dr. Lluís Ribas de Pouplana

Institute for Research in Biomedicine (IRB Barcelona), The Barcelona
Institute of Science and Technology, 08028 Barcelona, Spain

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biology) / CiteScore - Q1 (Paleontology)
