

## Special Issue

# Inflammation and Natural Products: 2nd Edition

### Message from the Guest Editors

We are pleased to announce the second edition of the Special Issue of *Life*, titled "Inflammation and Natural Products: 2nd Edition". Terrestrial and marine environments continue to be inexhaustible sources of active compounds and extracts that have been employed in medicine throughout history. This Special Issue welcomes the submission of full papers, and review articles on natural products (from terrestrial or marine sources), as well as secondary metabolites from microorganisms and plants that exhibit significant anti-inflammatory activity. This Special Issue aims to serve as a reference text for researchers and academia studying natural products and their pharmacological activities. We invite researchers working in the field of natural products and related pathways to publish their recent findings in this second edition of the Special Issue of *Life*. We look forward to your contributions and are confident that this Special Issue will provide valuable information and new insights in the field of inflammation and natural products.

---

### Guest Editors

Prof. Dr. Azahara Rodríguez-Luna  
Dr. Salvador González  
Dr. Irene García Domínguez

## About the Journal

### Message from the Editor-in-Chief

*Life* (ISSN 2075-1729) is an international, peer-reviewed open access journal that publishes scientific studies related to fundamental themes in life sciences. Some papers are published individually, while others are submitted for inclusion in special issues with guest editors. You are invited to contribute a research article, essay, or a review to be considered for publication.
