

Special Issue

Veterinary Pathology and Veterinary Anatomy: 3rd Edition

Message from the Guest Editors

This Special Issue of *Life* titled “Veterinary Pathology and Veterinary Anatomy: 3rd Edition” is dedicated to the study of veterinary disease and physiology and encompasses various aspects of pathology in domestic and wild animals, such as the following:

- New challenges for veterinary pathology induced by climate change and the spread of tropical diseases in the northern hemisphere;
- Challenges for pathology induced by armed conflicts;
- Diseases transmissible from animals to humans and from wild to domestic animals and means of prevention. Animal pandemics have major economic and social impacts: African swine fever, avian influenza, ruminant pest, etc.;
- Diseases caused by industrial toxins, environmental pollution, and mycotoxins;
- Epidemiology of non-communicable diseases concerning environmental pollution.

This Special Issue also focuses on new developments in diagnosing and treating animal diseases. Given that the first and second editions of this Special Issue were great successes, we now invite you to publish in the third edition

About the Journal

Message from the Editor-in-Chief

Life (ISSN 2075-1729) is an international, peer-reviewed open access journal that publishes scientific studies related to fundamental themes in life sciences. Some papers are published individually, while others are submitted for inclusion in special issues with guest editors. You are invited to contribute a research article, essay, or a review to be considered for publication.

Editor-in-Chief

Prof. Dr. Lluís Ribas de Pouplana

Institute for Research in Biomedicine (IRB Barcelona), The Barcelona
Institute of Science and Technology, 08028 Barcelona, Spain

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biology) / CiteScore - Q1 (Paleontology)
