

## Special Issue

# Emergency and Trauma Management

### Message from the Guest Editors

This Special Issue is dedicated to exploring the latest advances, innovations, and emerging trends in emergency and trauma care. We will delve into a wide range of topics, including, but not limited to the following: Resuscitation and stabilization strategies: the latest techniques in managing polytrauma, hemorrhagic shock, and other life-threatening conditions.

Surgical and non-surgical management of trauma: advances in operative techniques, minimally invasive procedures, and non-operative approaches for specific trauma cases.

Technological innovations in emergency care: the integration of artificial intelligence, telemedicine, and robotics in trauma surgery and emergency response. The intersection of trauma and emergency medicine with other medical fields, such as intensive care, radiology, and rehabilitation, will also be explored, highlighting the multidisciplinary nature of trauma care. We invite researchers, clinicians, and specialists in emergency and trauma management to contribute their work. Submissions may include original research and reviews that shed light on innovative approaches, groundbreaking technologies, or unique clinical experiences.

---

### Guest Editors

Dr. Pietro Fransvea

Emergency Surgery and Trauma Department, IRCCS A. Gemelli University Polyclinic Foundation, Sacred Heart Catholic University, 00168 Rome, Italy

Dr. Gabriele Sganga

Faculty of Medicine and Surgery, Università Cattolica del Sacro Cuore, 20123 Rome, Italy

---

### Deadline for manuscript submissions

closed (22 July 2025)

## About the Journal

### Message from the Editor-in-Chief

*Life* (ISSN 2075-1729) is an international, peer-reviewed open access journal that publishes scientific studies related to fundamental themes in life sciences. Some papers are published individually, while others are submitted for inclusion in special issues with guest editors. You are invited to contribute a research article, essay, or a review to be considered for publication.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, CAPIus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Biology) / CiteScore - Q1 (Paleontology)
