

## Special Issue

# Drug Metabolism and Pharmacokinetics 2020

### Message from the Guest Editor

In the coming years, the onset of a revolutionary transformation of protocols and strategies for drug development is expected. Accurate information for pharmacokinetics and metabolism is one of the key factors to entering the complex arena of personalized medicine. I would like to invite all of you, experts and beginners in the field of drug metabolism and pharmacokinetics, to contribute to this Special Issue with your ideas for accelerating the implementation of drug metabolism and pharmacokinetics research in drug development, as well as in clinical trials and clinical practice. This Special Issue will publish original research articles, review articles, leading articles, and current opinion articles on the topics discussed above. All manuscripts are subject to peer review by international experts.
