

## Special Issue

# Microbial Life in the Solar System

### Message from the Guest Editor

I would like to invite you to submit a paper to a Special Issue of the journal *Life*, on the subject of “Microbial Life in the Solar System.” The goal of this Special Issue is to bring together discussions of the possible distribution and prevalence of microbial life elsewhere in Earth’s Solar System, biosignatures of extant and/or extinct life, techniques for detection of such biosignatures, and mission considerations. Energetic considerations for the existence of life on specific extraterrestrial bodies and the possibility of non-water-based biochemistries are of particular interest. Papers discussing analog sites on Earth are also welcomed.

### Guest Editor

Dr. Jay Nadeau

Physics Department, Portland State University, Portland, OR 97207, USA

### Deadline for manuscript submissions

closed (31 January 2022)

## About the Journal

### Message from the Editor-in-Chief

*Life* (ISSN 2075-1729) is an international, peer-reviewed open access journal that publishes scientific studies related to fundamental themes in life sciences. Some papers are published individually, while others are submitted for inclusion in special issues with guest editors. You are invited to contribute a research article, essay, or a review to be considered for publication.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, CAPIus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Biology) / CiteScore - Q1 (Paleontology)
