

## Special Issue

# Early Career Stars in Physiology and Pathology

### Message from the Guest Editors

“Early Career Stars (ECS) in Physiology and Pathology” is a Special Issue that aims to collect scientific contributions from early career researchers exploring timely aspects of human physiology and pathology. In order to support young physiologists and pathologists and give them an international open access platform on which to display their achievements, we built this Special Issue and would like to encourage them to contribute their high-quality, innovative, and breakthrough work. This Special Issue accepts manuscripts in the form of original research articles or reviews where the first author or corresponding author is an ECS (students and scholars who are at the undergraduate, graduate, or post-graduate level—up to 10 years post-doctoral degree.).

### Guest Editors

Prof. Dr. Nicola Smania

1. Neuromotor and Cognitive Rehabilitation Research Center (CRRNC), Department of Neurosciences, Biomedicine and Movement Sciences, University of Verona, 37129 Verona, Italy
2. Neurorehabilitation Unit, AOUI Verona, 37134 Verona, Italy

Prof. Dr. Nicola Valè

Neuromotor and Cognitive Rehabilitation Research Centre (CRRNC), Department of Neurosciences, Biomedicine and Movement Sciences, Verona University, Neurorehabilitation Unit, Borgo Roma University Hospital, P.le. L.A. Scuro, 10, 37134 Verona, Italy

### Deadline for manuscript submissions

closed (29 July 2022)

## About the Journal

### Message from the Editor-in-Chief

*Life* (ISSN 2075-1729) is an international, peer-reviewed open access journal that publishes scientific studies related to fundamental themes in life sciences. Some papers are published individually, while others are submitted for inclusion in special issues with guest editors. You are invited to contribute a research article, essay, or a review to be considered for publication.
