

Special Issue

Innovative Digital Supply Chain 4.0 Transformation

Message from the Guest Editors

Industry 4.0 (the fourth industrial revolution) has garnered significant attention from academia, organisations, and governments in recent years, particularly in the realms of manufacturing, supply chain, and logistics. This Special Issue seeks contributions that shed light on recent trends and practical insights about the innovative digital transformation of supply chains. Submission topics may include, but are not limited to, the following:

- Case studies highlighting successful digital transformation in supply chain management;
- Strategies for implementing AI, big data, IoT, blockchain, and tracking systems in supply chains;
- Organizational skills and capabilities crucial for digital supply chain optimization;
- The challenges and obstacles in digital supply chain implementation;
- Innovations and best practices in digital supply chain governance;
- Assessing the impact of digital transformation on supply chain performance;
- Ethical and cybersecurity considerations in Supply Chain 4.0. transformation;
- Frameworks for evaluating the maturity and readiness of supply chains for digital transformation.

About the Journal

Message from the Editor-in-Chief

I am delighted to take on the editorial role for the open-access international journal Logistics, which will emphasize current important issues in logistics and supply chain management. My aim is to ensure that this journal employs a rapid review process; has the flexibility to address the most current topics; and is globally connected, communicating online peer-reviewed articles and related content to a worldwide audience. I have invited a group of leading thinkers to serve as Editorial Review Board Members, who will promote cutting-edge insights from authors from all over the world. Contemporary topics that address current challenges will receive special attention, as will thought-provoking scholarly essays and viewpoints. On behalf of our distinguished Editorial Board, I welcome your contributions.

Editor-in-Chief

Prof. Dr. Robert Handfield
Department of Business Management, Poole College of Management,
North Carolina State University, Raleigh, NC 27695, USA

Author Benefits
