## Reverse Operations: Paving the Way for Circular Supply Chains

### Message from the Guest Editors

This Special Issue (SI) of *Logistics* scope concerns the reverse operations: paving the way for circular supply chains. Original reviews, theoretical papers, and theory-based empirical research are welcome. The SI's focus is broad and intended to complement existing literature on reverse logistics (RL) and supply chains from the perspective of circular economy (CE), advancing academic knowledge relevant to theory and practice.

## About the Journal

### Message from the Editor-in-Chief

I am delighted to take on the editorial role for the open-access international journal Logistics, which will emphasize current important issues in logistics and supply chain management. My aim is to ensure that this journal employs a rapid review process; has the flexibility to address the most current topics; and is globally connected, communicating online peer-reviewed articles and related content to a worldwide audience. I have invited a group of leading thinkers to serve as Editorial Review Board Members, who will promote cutting-edge insights from authors from all over the world. Contemporary topics that address current challenges will receive special attention, as will thought-provoking scholarly essays and viewpoints. On behalf of our distinguished Editorial Board, I welcome your contributions.
