

Special Issue

Managing Supply Chain and Logistics during Uncertainty: Global Challenges and Solutions

Message from the Guest Editor

Submitted papers should contribute to advancing theories and knowledge in dealing with uncertainties and risks for supply chain and logistics. Manuscripts can be submitted on the following topics:

- Supply chain and operations model to assess impact of uncertainty on performance;
- Strategies, methods, tools, and techniques to reduce supply chain and logistics related uncertainties;
- Critical leadership and management factors to address uncertainty related issues in supply chain and logistics;
- Studies related to management of supply chain and logistics related risks, disruptions, and operational continuity;
- Coordination, collaboration, integration, and communication issues and supply chain uncertainties;
- Decision making and behavioral issues in uncertain environment;
- Technology and information sharing related studies to minimize uncertainty;
- Case studies on supply chain and logistics uncertainty.

About the Journal

Message from the Editor-in-Chief

I am delighted to take on the editorial role for the open-access international journal Logistics, which will emphasize current important issues in logistics and supply chain management. My aim is to ensure that this journal employs a rapid review process; has the flexibility to address the most current topics; and is globally connected, communicating online peer-reviewed articles and related content to a worldwide audience. I have invited a group of leading thinkers to serve as Editorial Review Board Members, who will promote cutting-edge insights from authors from all over the world. Contemporary topics that address current challenges will receive special attention, as will thought-provoking scholarly essays and viewpoints. On behalf of our distinguished Editorial Board, I welcome your contributions.

Editor-in-Chief
