

Special Issue

Advances in Gear Tribology

Message from the Guest Editor

This Special Issue aims to bring together the world's leading scientists who are curious and passionate about the advanced technology of gear friction in the fields of tribology, mechanical transmission system design, and materials. We aim to promote an "Integration" of knowledge in these fields, generate more creative inspiration, and deepen our understanding of the tribology of gear transmission systems. All scientists engaged in tribology, mechanical design, and materials-related fields are welcome to contribute.

Guest Editor

Prof. Dr. Xiangyang Xu

Mechanical Engineering, Chongqing Jiaotong University, Chongqing, China

About the Journal

Message from the Editor-in-Chief

Friction, wear, and lubrication are tribological phenomena that govern the behavior of interacting surfaces in a wide range of machine components. Understanding the physical and chemical nature of these phenomena is critical to achieving long component lifetime and economical operation. Research in the field of tribology is highly interdisciplinary, and encompasses the fields of physics, chemistry, engineering, and mathematical modeling. *Lubricants* invites contributions on new advances in all areas of tribology for publication as peer-reviewed research articles, reviews of current research, letters, and communications. We are committed to providing timely reviews of all articles submitted. Please consider sharing your work with the scientific community through publication in *Lubricants*.

Editor-in-Chief

Prof. Dr. Homer Rahnejat
School of Engineering, University of Lancashire, Preston PR1 2HE, UK

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Engineering, Mechanical) / CiteScore - Q2 (Mechanical Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 14.8 days after submission; acceptance to publication is undertaken in 1.9 days (median values for papers published in this journal in the first half of 2025).
