

# Special Issue

## Digital Twins in Smart Manufacturing

### Message from the Guest Editors

This special Issue will provide a platform for researchers around the world to present, discuss, and exchange their latest work in the field of “Digital Twin in Smart Manufacturing”. Potential topics include, but are not limited to, the following:

- Digital twin smart manufacturing;
- Digital twin shop-floor;
- Digital twins in product lifecycle;
- DT in human-machine interaction;
- DT in supply chains and logistics;
- Modeling and simulation of digital twins;
- Smart interconnection and interoperation for digital twins;
- Industrial applications of digital twins.

---

### Guest Editors

Dr. Qinglin Qi

Dr. Lin Wang

Dr. Matteo De Marchi

Dr. Christophe Danjou

## About the Journal

### Message from the Editor-in-Chief

*Machines* is an international, peer reviewed journal on machinery and engineering. It publishes research articles, reviews and communications.

Our aim is to encourage scientists to publish their experimental and theoretical results in as much detail as possible. There is no restriction on the length of the papers. Full experimental and/or methodical details must be provided.

There are, in addition, unique features of this journal: Manuscripts regarding research proposals and research ideas will be particularly welcomed; Electronic files or software regarding the full details of the calculation and experimental procedure - if unable to be published in a normal way can be deposited as supplementary material.

---

### Editor-in-Chief

Prof. Dr. Antonio J. Marques Cardoso  
CISE–Electromechatronic Systems Research Centre, University of Beira Interior, Calçada Fonte do Lameiro, P-6201-001 Covilhã, Portugal

---

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), Inspec, and other databases.

#### Journal Rank:

JCR - Q2 (Engineering, Mechanical) / CiteScore - Q1 (Control and Optimization)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 17.6 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the second half of 2025).
