

Special Issue

Selected Papers from the 12th International Conference on Control, Mechatronics and Automation (ICCMA 2024)

Message from the Guest Editor

The 12th International Conference on Control, Mechatronics and Automation (ICCMA 2024, <https://www.iccma.org/topics.html>) will be held at Brunel University London, UK, from November 11 to 13, 2024. This conference, sponsored by Brunel University London, UK, provides a platform for researchers, scholars, engineers and students from around the world to present their research, share ideas and foster research collaborations between academia and industry. Papers selected by the conference review chairs and cochairs will be recommended for this Special Issue. However, non-conference articles that are related to the theme of this Special Issue are also welcome for submission.

About the Journal

Message from the Editor-in-Chief

Machines is an international, peer reviewed journal on machinery and engineering. It publishes research articles, reviews and communications.

Our aim is to encourage scientists to publish their experimental and theoretical results in as much detail as possible. There is no restriction on the length of the papers. Full experimental and/or methodical details must be provided.

There are, in addition, unique features of this journal: Manuscripts regarding research proposals and research ideas will be particularly welcomed; Electronic files or software regarding the full details of the calculation and experimental procedure - if unable to be published in a normal way can be deposited as supplementary material.

Editor-in-Chief

Prof. Dr. Antonio J. Marques Cardoso
CISE–Electromechatronic Systems Research Centre, University of
Beira Interior, Calçada Fonte do Lameiro, P-6201-001 Covilhã, Portugal

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), Inspec, and other databases.

Journal Rank:

JCR - Q2 (Engineering, Mechanical) / CiteScore - Q1
(Control and Optimization)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 17.6 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the second half of 2025).
