Control Engineering and Artificial Intelligence

Message from the Guest Editors

CCEAI 2026 conference is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Control Engineering and Artificial Intelligence. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world.

Guest Editors

Prof. Dr. Dan Zhang

Department of Mechanical Engineering, The Hong Kong Polytechnic University, Hong Kong, China

Prof. Dr. Zhengtao Ding

Department of Electrical and Electronic Engineering, The University of Manchester, Manchester M13 9PL, UK

About the Journal

Message from the Editor-in-Chief

Machines is an international, peer reviewed journal on machinery and engineering. It publishes research articles, reviews and communications. Our aim is to encourage scientists to publish their experimental and theoretical results in as much detail as possible. There is no restriction on the length of the papers. Full experimental and/or methodical details must be provided. There are, in addition, unique features of this journal: Manuscripts regarding research proposals and research ideas will be particularly welcomed; Electronic files or software regarding the full details of the calculation and experimental procedure - if unable to be published in a normal way can be deposited as supplementary material.

Editor-in-Chief

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), Inspec, and other databases.

Journal Rank:

JCR - Q2 (Engineering, Mechanical) / CiteScore - Q1
(Control and Optimization)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.9 days after submission; acceptance to publication is undertaken in 2.4 days (median values for papers published in this journal in the first half of 2025).
