Exclusive Collection: Papers from the Editorial Board Members of Magnetism

Message from the Guest Editor

As Editor-in-Chief of *Magnetism*, I am pleased to announce this Special Issue entitled "Exclusive Collection: Papers from the Editorial Board Members of Magnetism". This Special Issue will be a collection of high-quality papers from Editorial Board Members, , and leading researchers invited by the Editorial Office and the Editor-in-Chief. Both original research articles and comprehensive review papers are welcome. The papers will be published free of charge, with full open access after peer review. Please click [here](#) to find information! Welcome to contribute!

About the Journal

Message from the Editor-in-Chief

New phenomena and technological applications of magnetism are fascinating topics. The *Magnetism* journal aims to establish an international forum where both basic and applied developments in this field can be shared, on a budget-level peer-review publishing platform with other experts and non-specialists. The journal is inviting contributions from authors who wish to share their original work in any field related within this area, including fundamental mechanisms, theoretical models, novel magnetic materials and devices, magnetic nanostructures, magnetic recording, biomagnetism, etc. The journal will facilitate the author's process of submission and the peerreview steps for a high-quality and timely publication in order to reach the widest audience.
