Feature Papers in Magnetochemistry

Message from the Guest Editor

To commemorate our 5th anniversary and in order to thank all our authors for their important contributions to our Journal *Magnetochemistry* in these five years, a Special Volume made of Feature Articles and Reviews (without any article publishing charge for authors) will be published in 31 January 2020. Therefore, we invite our previous contributors to send us, free of charge, a feature article or a review on any subject they consider may be of interest for the Magnetochemistry community, including those already covered by any of our Special Issues. Keywords

- molecule-based magnets
- magnetic MOFs
- single molecule magnets
- single ion magnets
- spin crossover
- quantum computing
- magnetic nanoparticles
- electron paramagnetic resonance
- permanent magnets
- magnetic resonance

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), Inspec, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Chemistry, Inorganic and Nuclear) / CiteScore - Q2 (Electronic, Optical and Magnetic Materials)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16 days after submission; acceptance to publication is undertaken in 2.9 days (median values for papers published in this journal in the first half of 2025).
