

Special Issue

Mechanical Properties of Magnetic Materials

Message from the Guest Editor

This Special Issue will be focused on the newest technologies in magnetochemistry and mechanical properties of magnetic materials. The main purpose of this Special Issue is to provide a forum for publishing scientific research results concerning:

- Research and development in magnetochemistry;
- Development and application of multifunctional magnetic materials;
- Improvement of the mechanical properties of magnetic materials;
- Environmental aspects of multifunctional magnetic materials.

Guest Editor

Dr. Michal Puškár

Department of Design and Transport Engineering, Faculty of Mechanical Engineering, Technical University of Košice, Letná 1/9, 040 01 Košice, Slovakia

Deadline for manuscript submissions

About the Journal

Message from the Editor-in-Chief

Editor-in-Chief

Prof. Dr. Carlos J. Gómez García

Department of Inorganic Chemistry, Faculty of Chemistry, University of Valencia, C/Dr. Moliner 50, 46100 Burjassot, Spain

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), Inspec, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Chemistry, Inorganic and Nuclear) / CiteScore - Q2 (Electronic, Optical and Magnetic Materials)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16 days after submission; acceptance to publication is undertaken in 2.9 days (median values for papers published in this journal in the first half of 2025).
