Message from the Guest Editors

To maximize the impact of this conference to the marine natural products community, the chairs of this conference are organizing a Special Issue of *Marine Drugs* dedicated to this symposium entitled “Selected Papers from the XVI MaNaPro and XI ECMNP”. We kindly invite the attendees to contribute manuscripts for research papers or reviews for this Special Issue of *Marine Drugs*.

* Each submission will enjoy a 20% discount on APC, after accepted.

Message from the Editor-in-Chief

During the past few decades there has been an ever increasing number of novel compounds discovered in the marine environment. This is exemplified by the robust preclinical and clinical pipeline that currently exists for marine natural products. *Marine Drugs* is inviting contributions on new advances in marine biotechnology, pharmacology, chemical ecology, synthetic biology, and genomics approaches related to the discovery of therapeutically relevant marine natural products. Our goal is to share your contribution in a timely fashion and in a manner that will be valued by the scientific community.
