

## Special Issue

# Advances and New Perspectives in Marine Biotechnology II 2016

### Message from the Guest Editors

In 2014, MDPI published over 50 papers from the 10th International Marine Biotechnology Conference entitled “Advances and New Perspectives in Marine Biotechnology”. To coincide with the 11th International Marine Biotechnology Conference, to be held from 29 August to 2 September 2016, submissions of comprehensive/mini reviews, original research articles and communications for a second edition “Advances and New Perspectives in Marine Biotechnology II 2016” are now invited for peer review.

## About the Journal

### Message from the Editor-in-Chief

During the past few decades there has been an ever increasing number of novel compounds discovered in the marine environment. This is exemplified by the robust preclinical and clinical pipeline that currently exists for marine natural products. *Marine Drugs* is inviting contributions on new advances in marine biotechnology, pharmacology, chemical ecology, synthetic biology, and genomics approaches related to the discovery of therapeutically relevant marine natural products. Our goal is to share your contribution in a timely fashion and in a manner that will be valued by the scientific community.
