### Message from the Guest Editors

The objective of this Special Issue “Recent Advances in Coatings, Adhesives and Construction Materials” is to present the latest scientific and technical achievements in the field of paints, coatings, adhesives, and construction materials approved for presentation at the European Technical Coatings Congress ETCC2020 (<https://etcc2020.org/>). Potential topics include, but are not limited to:

- Advances in all kinds of paints and coatings, adhesives, construction materials, printing inks, and related products;
- Chemical composition, formulations, and product specifications;
- Polymers and other raw materials;
- Advances in processing and production;
- Measuring and testing, quality systems
- Fire protection and corrosion prevention materials;
- Equipment and production lines;
- Application techniques;
- Environment, safety, and health;
- Product and process legislation.

We are pleased to invite authors to submit original research papers, reviews, short messages and concept papers.

## Editor-in-Chief

### Prof. Dr. Maryam Tabrizian

1. Department of Biomedical Engineering, Faculty of Medicine and Health Sciences, McGill University, Montreal, QC H3A 2B6, Canada

2. Faculty of Dentistry and Oral Health Sciences, McGill University, 3640 Rue University, Montreal, QC H3A 0C7, Canada

## Message from the Editor-in-Chief

*Materials* (ISSN 1996-1944) was launched in 2008. The journal covers twenty-five comprehensive topics: biomaterials, energy materials, advanced composites, advanced materials characterization, porous materials, manufacturing processes and systems, advanced nanomaterials and nanotechnology, smart materials, thin films and interfaces, catalytic materials, carbon materials, materials chemistry, materials physics, optics and photonics, corrosion, construction and building materials, materials simulation and design, electronic materials, advanced and functional ceramics and glasses, metals and alloys, soft matter, polymeric materials, quantum materials, mechanics of materials, green materials, general. *Materials* provides a unique opportunity to contribute high quality articles and to take advantage of its large readership.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Ei Compendex, CaPlus / SciFinder, Inspec, Astrophysics Data System, and other databases.

**Journal Rank:** JCR - Q2 (Metallurgy and Metallurgical Engineering) / CiteScore - Q1 (Condensed Matter Physics)
