# **Magnetoelastic Materials**

Collection Editor:

# Asoc. Professor, DSc., PhD. Roman Szewczyk

Industrial Research Institute for Automation and Measurements PIAP / Warsaw University of Technology, Warsaw, Poland

## Message from the Collection Editor

The "Magnetoelastic Materials" Special Issue of the journal aims to act as a guide in this extensive topic, and will include both articles presenting new original results, short communications and reviews of recent research or specific applications. Contributions can range from fundamental properties of magnetoelastic materials, their processing and characterization, as well as to innovations in processing technologies or the development of magnetomechanical applications.

## **Keywords**

- magnetoelastic effect
- nondestructive testing
- magnetostriction
- hysteresis model
- soft magnetic materials
- magnetomechanical effects

## **Message from the Editor-in-Chief**

Materials (ISSN 1996-1944) was launched in 2008. The iournal covers twenty-five comprehensive biomaterials, energy materials, advanced composites. advanced materials characterization, porous materials, manufacturing processes and systems. nanomaterials and nanotechnology, smart materials, thin films and interfaces, catalytic materials, carbon materials, materials chemistry, materials physics, optics and photonics, corrosion, construction and building materials. materials simulation and design, electronic materials, advanced and functional ceramics and glasses, metals and alloys, soft matter, polymeric materials, quantum materials, mechanics of materials, green materials, general. Materials provides a unique opportunity to contribute high quality articles and to take advantage of its large readership.

### **Author Benefits**

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Ei Compendex, CaPlus / SciFinder, Inspec, Astrophysics Data System, and other databases

**Journal Rank:** JCR - Q2 (*Metallurgy & Metallurgical Engineering*) / CiteScore - Q2 (*Condensed Matter Physics*)
