Advances in Materials Science and Engineering—in Celebration of 55th Anniversary of the Faculty of Technical Sciences, Warmia and Mazury University in Olsztyn, Poland

Message from the Guest Editors

To celebrate the 55th Anniversary of the Faculty of Technical Sciences, Warmia and Mazury University in Olsztyn, Poland, we are organising the Conference on Engineering Problems (<https://wntjubileusz.uwm.edu.pl/>) on that occasion, which will be held between 12 and 14 of June 2024 in Olsztyn. We invite scientists and experts in the field from Poland and abroad to present their recent results in the following fields: automatics, electronics, space technologies, materials engineering, mechanical engineering, environmental engineering, and others. Apart from plenary sessions, special poster sessions devoted to present the achievements of the early career researchers will be held as well. Meanwhile, selected papers related to materials science and engineering will be included and published in the Special Issue “Advances in Materials Science and Engineering—in Celebration of 55th Anniversary of the Faculty of Technical Sciences, Warmia and Mazury University in Olsztyn, Poland”. We would be grateful if you can join us and celebrate this special moment. Research articles, review papers and communications are welcomed as contributions.

Guest Editors

Dr. Sławomir Kulesza

About the Journal

Message from the Editor-in-Chief

Materials (ISSN 1996-1944) was launched in 2008. The journal covers twenty-five comprehensive topics: biomaterials, energy materials, advanced composites, advanced materials characterization, porous materials, manufacturing processes and systems, advanced nanomaterials and nanotechnology, smart materials, thin films and interfaces, catalytic materials, carbon materials, materials chemistry, materials physics, optics and photonics, corrosion, construction and building materials, materials simulation and design, electronic materials, advanced and functional ceramics and glasses, metals and alloys, soft matter, polymeric materials, quantum materials, mechanics of materials, green materials, general. *Materials* provides a unique opportunity to contribute high quality articles and to take advantage of its large readership.

Editor-in-Chief

Prof. Dr. Maryam Tabrizian

1. Department of Biomedical Engineering, Faculty of Medicine and Health Sciences, McGill University, Montreal, QC H3A 2B6, Canada
2. Faculty of Dentistry and Oral Health Sciences, McGill University, 3640 Rue University, Montreal, QC H3A 0C7, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Ei Compendex, CaPlus / SciFinder, Inspec, Astrophysics Data System, and other databases.

Journal Rank:

JCR - Q2 (Metallurgy and Metallurgical Engineering) /
CiteScore - Q1 (Condensed Matter Physics)
