

Special Issue

Surface Modification and Coating for Functional Materials

Message from the Guest Editors

We are pleased to announce this Special Issue entitled “Surface Modification and Coating for Functional Materials.” This Special Issue focuses on significant developments in surface and interface engineering to modify and improve the surface properties of functional materials. We welcome high-quality submissions on any subject relevant to this important field, especially articles concerning surface modification and coating on polymers, ceramics, and metals using unique skills. Additionally, in this Special Issue, we wish to cover the most recent advances covering all these types of surface treatments developed to improve surface properties. We encourage researchers to submit original research articles, reviews, and communications on this topic.

Guest Editors

Prof. Dr. Jae-Ho Kim

Department of Materials Science and Engineering, Faculty of Engineering, University of Fukui, Fukui 910-8507, Japan

Dr. Masanari Namie

Advanced and Innovative Sodium System Technology Development Group, Fast Reactor Research and Development Department, Oarai Nuclear Engineering Institute, Japan Atomic Energy Agency (JAEA), 1 Shiraki, Tsuruga-Shi, Fukui 919-1279, Japan

Deadline for manuscript submissions

31 August 2026

About the Journal

Message from the Editor-in-Chief

Materials (ISSN 1996-1944) was launched in 2008. The journal covers twenty-five comprehensive topics: biomaterials, energy materials, advanced composites, advanced materials characterization, porous materials, manufacturing processes and systems, advanced nanomaterials and nanotechnology, smart materials, thin films and interfaces, catalytic materials, carbon materials, materials chemistry, materials physics, optics and photonics, corrosion, construction and building materials, materials simulation and design, electronic materials, advanced and functional ceramics and glasses, metals and alloys, soft matter, polymeric materials, quantum materials, mechanics of materials, green materials, general. *Materials* provides a unique opportunity to contribute high quality articles and to take advantage of its large readership.

Editor-in-Chief

Prof. Dr. Maryam Tabrizian

1. Department of Biomedical Engineering, Faculty of Medicine and Health Sciences, McGill University, Montreal, QC H3A 2B6, Canada
2. Faculty of Dentistry and Oral Health Sciences, McGill University, 3640 Rue University, Montreal, QC H3A 0C7, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Ei Compendex, CaPlus / SciFinder, Inspec, Astrophysics Data System, and other databases.

Journal Rank:

JCR - Q2 (Metallurgy and Metallurgical Engineering) /
CiteScore - Q1 (Condensed Matter Physics)
