Methods in Economics and
Management, University of Las
Palmas de Gran Canaria, Campus
Universitario de Tafira, 35017 Las
Palmas de Gran Canaria, Canary
Islands, Spain

Deadline for manuscript
submissions:

closed (30 November 2020)

Message from the Guest Editor

Quantitative Studies of Science (QSS) include all quantitative aspects of the science of science, science indicators, communication in science, and science policy. Emphasis is placed on investigations in which the characteristics of science and scientific research are studied by mathematical methods.

The Special Issue in QSS will publish original studies. Due to its fully interdisciplinary character, empirical studies are considered within the scope if they present novel contributions to the understanding of the science, technology, humanities, and social sciences, as objects of study.

Editor-in-Chief

Prof. Dr. Francisco Chiclana

School of Computer Science and
Informatics, De Montfort
University, The Gateway,
Leicester LE1 9BH, UK

Message from the Editor-in-Chief

The journal *Mathematics* publishes high-quality, refereed papers that treat both pure and applied mathematics. The journal highlights articles devoted to the mathematical treatment of questions arising in physics, chemistry, biology, statistics, finance, computer science, engineering and sociology, particularly those that stress analytical/algebraic aspects and novel problems and their solutions. One of the missions of the journal is to serve mathematicians and scientists through the prompt publication of significant advances in any branch of science and technology, and to provide a forum for the discussion of new scientific developments.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), RePEc, and other databases.

Journal Rank: JCR - Q1 (Mathematics) / CiteScore - Q1 (General Mathematics)
