Deadline for manuscript submissions:
31 August 2019

Message from the Guest Editor

Dear Colleagues,

Uncertainty Quantification (UQ) is a mainstream research topic in applied mathematics and statistics. To identify UQ problems, diverse modern techniques for large and complex data analysis have been developed in applied mathematics, computer science, and statistics.

To promote these modern data analysis methods in biology, economics, environmental studies, finance, mathematics, operational research, science, and statistics, a Special Issue of *Mathematics* (ISSN 2227-7390), the Science Citation Index Expanded (SCIE) Journal, will be devoted to "Uncertainty Quantification Techniques in Statistics".

The Guest Editor for this Special Issue is Prof. Dr. Jong-Min Kim.

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Lokenath Debnath
School of Mathematical and Statistical Sciences, College of Sciences, The University of Texas Rio Grande Vally, 1201 West University Dr. Edinburg, Texas 78539, USA

Message from the Editor-in-Chief

The journal Mathematics publishes high-quality, refereed papers that treat both pure and applied mathematics. The journal highlights articles devoted to the mathematical treatment of questions arising in physics, chemistry, biology, statistics, finance, computer science, engineering and sociology, particularly those that stress analytical/algebraic aspects and novel problems and their solutions. One of the missions of the journal is to serve mathematicians and scientists through the prompt publication of significant advances in any branch of science and technology, and to provide a forum for the discussion of new scientific developments.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.
High visibility: Indexed in the Science Citation Indexed Expanded - SCIE (Web of Science) from Vol. 4 (2016), Scopus, and **Zentralblatt MATH** from Vol. 3 (2015).
Rapid publication: manuscripts are peer-reviewed and a first decision provided to authors approximately 21.7 days after submission; acceptance to publication is undertaken in 5.3 days (median values for papers published in this journal in the second half of 2018).
