Special Issue

Knowledge Discovery, Data Mining and Machine Learning

Message from the Guest Editors

The premier technical publication in the field, *Machine Learning, Data Mining and Knowledge Discovery*, is a resource that collects relevant common methods and techniques and is a forum for unifying the diverse constituent research communities. This Special Issue focuses on the theory, techniques, and practice for extracting information from large databases. The journal publishes original technical papers in both the research and practice of data mining and knowledge discovery, surveys and tutorials of important areas and techniques, and detailed descriptions of significant applications. Coverage includes:

- Theory and foundational issues;
- Data mining methods;
- Algorithms for data mining;
- Knowledge discovery process;
- Application issues.

Guest Editors

Dr. Jing He
Department of Neuroscience, University of Oxford, Oxford, UK

Dr. Hui Zheng
School of Software and Electrical Engineering, Department of Computer Science and Software Engineering, Swinburne University of Technology, Melbourne, Australia

About the Journal

Message from the Editor-in-Chief

The journal *Mathematics* publishes high-quality, refereed papers that treat both pure and applied mathematics. The journal highlights articles devoted to the mathematical treatment of questions arising in physics, chemistry, biology, statistics, finance, computer science, engineering and sociology, particularly those that stress analytical/algebraic aspects and novel problems and their solutions. One of the missions of the journal is to serve mathematicians and scientists through the prompt publication of significant advances in any branch of science and technology, and to provide a forum for the discussion of new scientific developments.

Editor-in-Chief

Prof. Dr. Francisco Chiclana
School of Computer Science and Informatics, De Montfort University, The Gateway, Leicester LE1 9BH, UK

Author Benefits

High Visibility:
indexed within Scopus, SCIE (Web of Science), RePEc, and other databases.

Journal Rank:
JCR - Q1 (Mathematics) / CiteScore - Q1 (General Mathematics)

Rapid Publication:
manuscripts are peer-reviewed and a first decision is provided to authors approximately 17.3 days after submission; acceptance to publication is undertaken in 2.8 days (median values for papers published in this journal in the second half of 2025).
