

Special Issue

Modeling and Simulation of Social-Behavioral Phenomena

Message from the Guest Editors

This Special Issue of *Mathematics* aims to highlight and explore some of the more recent theoretical and practical advances in computer modeling and simulation of social-behavioral phenomena toward efficient decision processes. We invite researchers from the areas of social sciences and humanities, operations research, computational intelligence, agent-based simulation, applied mathematics, econophysics, and others to take part in the Special Issue. There is also an opportunity for participants of the 2nd International Conference on “Modeling and Simulation of Social-Behavioral Phenomena in Creative Societies” (MSBC-2022) <https://msbc.tech/> to contribute proposals.

Guest Editors

Prof. Dr. George B. Kleiner

Prof. Dr. Vladimir Mazalov

Dr. Maxim A. Rybachuk

About the Journal

Message from the Editor-in-Chief

The journal *Mathematics* publishes high-quality, refereed papers that treat both pure and applied mathematics. The journal highlights articles devoted to the mathematical treatment of questions arising in physics, chemistry, biology, statistics, finance, computer science, engineering and sociology, particularly those that stress analytical/algebraic aspects and novel problems and their solutions. One of the missions of the journal is to serve mathematicians and scientists through the prompt publication of significant advances in any branch of science and technology, and to provide a forum for the discussion of new scientific developments.

Editor-in-Chief

Prof. Dr. Francisco Chiclana

School of Computer Science and Informatics, De Montfort University,
The Gateway, Leicester LE1 9BH, UK

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), RePEc, and other databases.

Journal Rank:

JCR - Q1 (Mathematics) / CiteScore - Q1 (General Mathematics)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 18.4 days after submission; acceptance to publication is undertaken in 2.4 days (median values for papers published in this journal in the first half of 2025).
