Special Issue

Selected Papers from the International Symposium on Computer, Consumer and Control (IS3C2020)

Message from the Guest Editors

This Special Issue on "Artificial Intelligence and Applied Mathematics in Engineering Field" aims to improve the strength of applied mathematics in the engineering field, which is now becoming more important in mathematics, control system, artificial intelligence, etc. With the coming of age of the computer, applied mathematics has transcended its traditional style and now assumes an even greater importance and new vitality. Manuscripts dealing with electrical and mechanical system control, computer simulation in nonlinear systems, intelligent learning in control systems, fault detection and diagnostics, AI-based methods, sensor-based control, signal analysis and image processing, big data and machine learning, intelligent control and applications, etc., are within the scope of this Special Issue.

Guest Editors

About the Journal

Message from the Editor-in-Chief

The journal *Mathematics* publishes high-quality, refereed papers that treat both pure and applied mathematics. The journal highlights articles devoted to the mathematical treatment of questions arising in physics, chemistry, biology, statistics, finance, computer science, engineering and sociology, particularly those that stress analytical/algebraic aspects and novel problems and their solutions. One of the missions of the journal is to serve mathematicians and scientists through the prompt publication of significant advances in any branch of science and technology, and to provide a forum for the discussion of new scientific developments.

Editor-in-Chief

Prof. Dr. Francisco Chiclana
School of Computer Science and Informatics, De Montfort University, The Gateway, Leicester LE1 9BH, UK

Author Benefits

High Visibility:
indexed within Scopus, SCIE (Web of Science), RePEc, and other databases.

Journal Rank:
JCR - Q1 (Mathematics) / CiteScore - Q1 (General Mathematics)

Rapid Publication:
manuscripts are peer-reviewed and a first decision is provided to authors approximately 17.3 days after submission; acceptance to publication is undertaken in 2.8 days (median values for papers published in this journal in the second half of 2025).
