Special Issue

High-Dimensional Data Analysis and Applications

Message from the Guest Editors

We are excited to announce a Special Issue dedicated to "High-Dimensional Data Analysis and Applications", inviting researchers and practitioners to contribute their innovative work to this rapidly evolving field. This Special Issue seeks to highlight cutting-edge methodologies and applications addressing the challenges and opportunities presented by high-dimensional data. We encourage submissions that explore novel statistical techniques, advanced machine learning approaches, and real-world applications across diverse domains. By sharing your research, you will contribute to advancing knowledge and fostering discussions on state-of-the-art solutions in high-dimensional data analysis. Join us in shaping the future of this dynamic field and submit your work for consideration in this impactful Special Issue.

Guest Editors

Dr. Mu Yue
School of Physical and Mathematical Sciences, Nanyang Technological University, Singapore 639798, Singapore

Dr. Jinfeng Xu
Department of Biostatistics, City University of Hong Kong, Hong Kong, China

Deadline for manuscript submissions

30 September 2025

About the Journal

Message from the Editor-in-Chief

The journal *Mathematics* publishes high-quality, refereed papers that treat both pure and applied mathematics. The journal highlights articles devoted to the mathematical treatment of questions arising in physics, chemistry, biology, statistics, finance, computer science, engineering and sociology, particularly those that stress analytical/algebraic aspects and novel problems and their solutions. One of the missions of the journal is to serve mathematicians and scientists through the prompt publication of significant advances in any branch of science and technology, and to provide a forum for the discussion of new scientific developments.

Editor-in-Chief

Prof. Dr. Francisco Chiclana
School of Computer Science and Informatics, De Montfort University, The Gateway, Leicester LE1 9BH, UK

Author Benefits

High Visibility:
indexed within Scopus, SCIE (Web of Science), RePEc, and other databases.

Journal Rank:
JCR - Q1 (Mathematics) / CiteScore - Q1 (General Mathematics)

Rapid Publication:
manuscripts are peer-reviewed and a first decision is provided to authors approximately 18.4 days after submission; acceptance to publication is undertaken in 2.4 days (median values for papers published in this journal in the first half of 2025).
