# Special Issue

# Impact Dynamics

### Message from the Guest Editor

The purpose of this Special Issue is to gather a collection of articles reflecting the latest developments in impact dynamics. Prospective authors are encouraged to submit their quality research contributions describing original results, empirical, experimental, or theoretical studies in the area of impact dynamics. Topics of interest for submission include, but are not limited to: mechanical impact, friction models with impact, rebound models, nonsmooth mechanics, unilateral multibody dynamics, shock and wave propagation, contact-impact problems.

### Guest Editor

Prof. Dr. Dan B. Marghitu

Department of Mechanical Engineering, Auburn University, Auburn, AL 36849, USA

### Deadline for manuscript submissions

closed (31 October 2021)

## About the Journal

### Message from the Editor-in-Chief

The journal *Mathematics* publishes high-quality, refereed papers that treat both pure and applied mathematics. The journal highlights articles devoted to the mathematical treatment of questions arising in physics, chemistry, biology, statistics, finance, computer science, engineering and sociology, particularly those that stress analytical/algebraic aspects and novel problems and their solutions. One of the missions of the journal is to serve mathematicians and scientists through the prompt publication of significant advances in any branch of science and technology, and to provide a forum for the discussion of new scientific developments.

### Editor-in-Chief

Prof. Dr. Francisco Chiclana
School of Computer Science and Informatics, De Montfort University, The Gateway, Leicester LE1 9BH, UK

### Author Benefits

**High Visibility:**
indexed within Scopus, SCIE (Web of Science), RePEc, and other databases.

**Journal Rank:**
JCR - Q1 (Mathematics) / CiteScore - Q1 (General Mathematics )

**Rapid Publication:**
manuscripts are peer-reviewed and a first decision is provided to authors approximately 18.4 days after submission; acceptance to publication is undertaken in 2.4 days (median values for papers published in this journal in the first half of 2025).
