## Advances in Geostatistics and Spatial Statistics: Methods and Applications

### Message from the Guest Editor

Geostatistics and spatial statistics have been increasingly applied in social, health, physical, agricultural and environmental sciences in both developing and developed countries. Geostatistics and spatial statistics techniques involve statistical concepts and applications to geospatial data, which allow solutions of location-based complex problems and geotargeted interventions in various fields. This Special Issue focuses on the applications of current advances in geostatistics and spatial statistics. It is therefore anticipated that this Special Issue will provide a conducive environment for scientists, researchers, academics and other professionals to showcase their latest methods and applications in the fields of geostatistics and spatial statistics. This will help to promote future research in these growing fields of geostatistics and spatial statistics. Therefore, contributions of original and high-quality research papers are cordially invited.

### Guest Editor

Dr. Tholang Mokhele

Geospatial Analytics, eResearch Knowledge Centre, Human Sciences Research Council, Pretoria 0002, South Africa

### Deadline for manuscript submissions

closed (30 November 2023)

## About the Journal

### Message from the Editor-in-Chief

The journal *Mathematics* publishes high-quality, refereed papers that treat both pure and applied mathematics. The journal highlights articles devoted to the mathematical treatment of questions arising in physics, chemistry, biology, statistics, finance, computer science, engineering and sociology, particularly those that stress analytical/algebraic aspects and novel problems and their solutions. One of the missions of the journal is to serve mathematicians and scientists through the prompt publication of significant advances in any branch of science and technology, and to provide a forum for the discussion of new scientific developments.

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), RePEc, and other databases.

#### Journal Rank:

JCR - Q1 (Mathematics) / CiteScore - Q1 (General Mathematics)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 18.4 days after submission; acceptance to publication is undertaken in 2.4 days (median values for papers published in this journal in the first half of 2025).
