Message from the Guest Editors

Dear Colleagues,

The Special Issue will mainly consist of selected papers presented at “**Dynamics Days Latin America and the Caribbean, 2018**” (<https://ddayslac2018.org/>). Papers considered to fit the scope of the journal and to be of sufficient quality after evaluation by the reviewers will be published **free of charge**.

Contributions are invited on experimental, computational, applied, and theoretical research in all areas related to non-linear dynamics, including (but not limited to) chaos, control theory, non-equilibrium statistical physics, complex networks and systems, computational methods, fluid dynamics, granular materials, neural dynamics, non-linear waves, pattern formation, quantum chaos, stochastic processes, and systems biology.

Dr. Nicolás Rubido
