

Special Issue

Recent Advances in Orthodontics and Dental Medicine

Message from the Guest Editors

We are pleased to invite you to contribute to our Special Issue entitled “Recent Advances in Orthodontics and Dental Medicine,” which will be published in the MDPI Journal *Medicina* (Q1). This Special Issue addresses the continuous development of and research on the dentistry field, with orthodontics being the focal point. Topics include the diagnosis and novelty of the treatment options, artificial intelligence use in dentistry, digital planning, skeletal anchorage in orthodontic treatment, treatment individualization, surgery-first approaches in combined orthodontic–orthognathic cases, oral tissue regeneration, new materials and oral medical devices, imagistic use in dentistry, and new approaches for treating TMJ disorders. This Special Issue will offer an overview of existing and new research topics related to dentistry and orthodontics, expanding on the current knowledge and adding important insights related to new and individualized treatment approaches.

About the Journal

Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Medicina* (ISSN: 1648-9144). *Medicina* is an open access, peer-reviewed scientific journal that publishes original articles, critical reviews, research notes, and short communications on medicine. The scientific community and the general public can access the content free of charge as soon as it is published.

Editor-in-Chief

Prof. Dr. Edgaras Stankevičius
Medical Academy, Lithuanian University of Health Sciences, Kaunas,
Lithuania
