

## Special Issue

# Current Trends in Otorhinolaryngology and Head and Neck Pathology: 2nd Edition

### Message from the Guest Editors

We are grateful to you for submitting your valuable original articles to the previous Special Issue, 'Current Trends in Otorhinolaryngology and Head and Neck Pathology', which undeniably benefited the research community. In light of this success, we now present you the second edition of this Special Issue. In this Special Issue, we welcome submissions of manuscripts, including original articles, reviews and selected rare case series, reflecting the current trends and new directions in otorhinolaryngology and head and neck surgery. We hope this will increase the knowledge on the numerous pathologies that contribute to the high complexity of ENT&HNS and help to update the protocols and connect specialties worldwide in the aftermath of the COVID-19 pandemic.

---

### Guest Editors

Prof. Dr. Codrut Sarafoleanu

Dr. Daniela Vrinceanu

Prof. Dr. Mahmut Tayyar Kalcioğlu

Dr. Adriana Neagos
